I'm looking for a full time elderly care/ care giver position in New Jersey. I'm very reliable, responsible, caring and trustworthy person. I would prefer a live out position, but would also consider a live in position. I have a drivers licence, many years care giver experience. I can take care of basic household duties, including cooking, driving to and from doctors' appointments and administer medication. I'm fluent in Slovak language. Reference can be provided upon request. Thank you for your consideration.

Ladislav Hric, New Jersey
