Reduced price!!! Now asking 4,800$. Car is in very good condition. Very clean inside and out. Car runs well, everything works fine. We changed battery (Duracell) last month and brakes (front and rear) about 3-4k miles ago (discs and pads). The car has a clean title, but I had two small bumper accidents, both cosmetic, nothing major. There ia a small bump on the left rear side on the car. We are the second owner, If you would like to see the car please call Michael at 6095169574 or Elizabeth 6095169573
