“I am your Jesus, born Incarnate. My messenger, the way to overcome evil is to uncover it, for as long as the enemy lies under cover of darkness hidden from view, he can flourish.

This is how Satan attacks purity of heart:
• Through the media—TV, radio, music, books, pornography, movies;

• By disguising himself as freedom, such as promoting artificial birth control within a marriage as the right to choose;

• By promoting abortions and birth control both in marriage and outside of marriage, making sex an act of enjoyment, and not procreation;

• By labeling homosexuality an alternate life style. It is not. It is a sin.

• By promoting immodest fashions, both male and female. How numerous are the sins committed by giving a bad example or tempting another to unchaste thoughts and desires.

• By compromising consciences to believe that extramarital affairs are acceptable. He does this through the aforementioned media

“The soul chooses sin because he loves the sin more than God and neighbor. Sin is self-serving, you see.”

“The sins most prolific and wounding to My Heart of Love today are those sins against chastity, life and innocence. If all the sins of every generation were combined, the sins of this generation would still outnumber them. But My Love is patient and full of Mercy. I smile with favor upon My remnant faithful. They alone withstand My Wrath and hold back My Arm of Justice with the help of My Mother.” Jesus, 9/7/2002
