Holy Love Ministry-January 14, 2017
Mary, Refuge of Holy Love says: "Praise be to Jesus."
"Dear children, you must understand that the presence of God's Grace is always in your lives. It helps you to discover problems and to resolve them. When you cooperate with God's Grace you are the strongest. You can never find solutions to any situation outside of grace that will be lasting. God allows problems to arise in each one's life to call the soul back to his dependence upon God and His Grace."

"Knowing these things should help you to realize that trying to resolve any issue apart from God is fruitless. Do not then, presume to solve wars, climate change, disease and poverty merely on a human level. That is a waste of time. You must learn to call upon God's Grace as an ally in every solution - then watch for things to change and God's Will to take over in every situation."
