Room for rent in a beautiful house in Port Richmond area. There are 2 other people living in the house but they are very nice and most of the time they are not even there. The whole building was built 3 years ago so everything is in a great condition. The property is really big with 3 bedrooms, 2.5 bathrooms, finished basement that is being used as a second living room, private garage and parking on the back of the house, washer and dryer... 600 + utilities shared with the other 2 people. Please feel free to contact me for more information.
