St. Francis de Sales says: "Praise be to Jesus."
"Surrender to Divine Love means that you accept what God allows in your life in the present moment. In this acceptance, is the faith that God will bring good out of every situation. This good may come disguised as a cross or in some other unexpected way - perhaps even the ultimate good of the conversion of a soul. But, it is your acceptance that makes the sacrifice perfect."

"Do not accept discouragement as part of the cross. That is from Satan who seeks your demise. Prepare your heart with courage each morning. Ask your guardian angel to assist you."
