

Holy Love Ministry, May 9, 2017
Mary, Refuge of Holy Love says: "Praise be to Jesus."
"I wish to make an unusual analogy. Holy Love can be compared to the Stone Tablets on which God inscribed the Ten Commandments. This is so, as Holy Love is the foundation of all the Commandments. Holy Love pulls all the Commandments together. How sad that many people, priests, hierarchy and world leaders cannot comprehend this. They waste time opposing God's authentic intervention here,* and use every type of guile to convince the public Holy Love is not a genuine Heaven-sent intervention."

"Their very own salvation hangs in the balance. God does not look kindly on those who mislead others for whatever reason. In the mix of this opposition, there are even those who oppose the Rosary of the Unborn.** In doing so, they are supporting abortion."

"So, you see why I mourn and why Jesus' Heart is Mournful. The ones who falsely discern are caught up in their own agenda and choose not to recognize the Truth. Pray for unbelievers."
