

Holy Love Ministry, Messages from Heaven, May 21, 2017
Mary, Refuge of Holy Love says: "Praise be to Jesus."
"God judges every situation, every soul, all people and all nations on the scale of Holy Love. Holy Love is the barometer of good as opposed to evil. It is the depth and the presence, or lack thereof, of Holy Love in the heart which determines the soul's eternity."
"If you can imagine a place where there is no love, then you have just one small inkling of damnation. This is why I am sent here* - to strengthen and to encourage Holy Love in hearts. This is the way to salvation - the path of Truth. There are so many obstacles along the way - so many distractions. You must be of one heart and one mind to help each other along the way of Holy Love. This is the path of peace and tranquility even in the midst of turmoil."
