Holy Love / Messages from Heaven, June 1, 2017
Mary, Refuge of Holy Love, says: "Praise be to Jesus."
"These days, God is pouring into the world unprecedented graces to combat the confusion and complacency of hearts so prevalent amongst the population. Each soul is responsible for his response to grace, be it cooperation or sinful neglect."

"After My Apparitions in Fatima (Portugal), many graces were rejected through error and lack of approval. Here at this apparition site,* no lesson has been learned. Souls are being lost which could have been saved through Holy Love. No encouragement has been offered by those whose influence could make a difference."

"I come to ask your prayers and sacrifices for all priests, religious and hierarchy. Pray that the spiritual pride of self-righteousness does not overtake their hearts. This is a great temptation to many."
