JOB OFFERS | Other **04 February 2019**

Energy Sales Representative
US Energy Solutions
UES is hiring dynamic energy sales professionals with proven experience generating business in the fiercely competitive deregulated energy markets.
As an Energy Advisor professional with US Energy Solutions, you'll develop relationships with energy decision makers at some of the most important organizations in the world. You will call firms to help and advise them on their energy purchasing decisions in states where electricity and natural gas supply is deregulated and open to competition. You will have the support of UES's full-service energy management professionals, as well as access to our industry-leading market research group.
If the dynamic energy markets excite you and you have the desire to develop business with a quickly growing industry leader, then this is the company for you. Our objective is your success.
We offer:
- Career advancement
- Steady work
- Continuous training and support to maximize your potential for success
- Daily bonuses
Benefits:
- Health benefits

- Paid holidays
- Paid transportation
Salary:
- $50,000- $70,000 a year
- Unlimited earnings potential (including a base salary+ commission)
- Excellent commission rates

Special Rates for Experienced candidates

Skills and Requirements:
- Successful track record in outside sales
- Relationship building and business development skills
- Strong organizational and planning skills
- Achieve sales target
Experience:
- Outside sales, B2B, Energy Consulting: 2 years
- For right candidates, we provide training

Opportunities available in:

- Philadelphia, PA
- Pittsburgh, PA
- Chicago, IL
- New York, NY
- Columbus, OH

Job Type: Full-time
