BUY / SELL | Real Estate **14 April 2019**

I have a couple of house for sale in Thailand. The plots start from 200m2.The prices are very low as US$150k-350k per house with land.All are located in good areas. I will help with all necessary paper works+visa issue. Beside that, am looking for getting into the cooperation with a private person or estate agent to sale not only my house but the other too.For more in. pls send an email as I am not in USA and do not forget to include your correct one too.
